Thanks Doug. This letter looks good and I've no changes. It is probably good to get on the record that no such waiver is provided for under existing law, and this does that.

David

**Subject:** SIP Waiver Request - Draft Response

Hi David,

I know we had a quick chat about this before the August AMSG meeting and I expressed some concern that WDNR's slides read as if a response was still expected. Region 5 thought that this was addressed with the subsequent monitoring network plan submittal that included the Kohler-Andrae monitor. You said you'd get back to me about whether a response was needed or not. As it turns out, new Region 5 correspondence requirements now require a response to *all* letters from states, excluding SIPs, whether or not we think a response is warranted or not. So, here's the response I've drafted.

Please let me know if you have any concerns or comments. I have an October 4 deadline to get this off my plate.

Thanks,

Doug
